Dear Friend:

I decided to drop you a line to inquire about my order for uniforms. You told me when you were here, you would send me a notation. I realize anything might have happened. However I would like to know whether or not to expect the merchandise, and about when.

We are planning to leave for camp about the last of this month, and open our league season May 7th.

I am enclosing check for the balls you had recovered for me. Thanks very much. I would like to order a gross or two of our adopted balls at this time. Will you see that the order is relayed to the proper party.

I will appreciate hearing from you about the uniforms.

Very Truly Yours
